VIII--Officers have been arranged, in the foregoing order, to the companies to which they succeeded in the natural course of promotion or appointment. Should a different assignment, however, have since been made by competent authority, it will take precedence.

IX--Acceptance, or non-acceptance, of appointments, and, in case of acceptance, the *birthplace* of the officer appointed, his *age* and *residence* when appointed, and his *full name*, correctly written, will, in all cases, be promptly reported to the Adjutant General.

X--With the exception of those detached from their regiments on special duty, or unable from some valid cause to comply with the order, the officers promoted and appointed will join their proper regiments, companies, and stations without delay. *Those recently appointed who fail to do so within a reasonable time will be considered as having declined their appointments;* and those who deem themselves included in the exception just above made will immediately submit a statement of their case, through the proper channel, to this office for further consideration.

XI--In case of the death of an officer, it is hereby made the duty of

his immediate commanding officer to report the fact at once, *direct to this office*, stating the *cause*, *date* and *place*.

When an officer away from his command dies in hospital, or under treatment, the medical officer in charge will forward the report as above required; if not under treatment by an Army Medical Officer, the report will be made by any officer having cognizance of the fact.

By order of the Secretary of War:

E. D. TOWNSEND,
Assistant Adjutant General.

Official:

Assistant Adjutant General.
